

Statement of Charitable Purpose

The purpose of the A.I.C. Tumaini Youth Center project is to assist the African Inland Church Tumaini Youth Center in Kitale, Kenya toward an income generating apartment construction; in developing a website showing progress in the construction work; and in providing support and encouragement to orphans and displaced children at the Youth Center by individual donor sponsorship.

We also look toward the future and, if possible, would like to organize Pastor Conferences to train and encourage church leaders, and also to increase donor support for the children at the Youth Center from an initial number of ten.
